

COOKIES POLICY

This site uses cookies ("Cookies") By using this site and the services provided through it, you agree to this Policy, including the purposes of using Cookies as set out in the policy. In case of disagreement with the Policy, please do not use the site. Cookies are a small piece of data consisting of letters and numbers stored on the user's device. The web client always sends this piece of data to the web server when it opens a website. For more information, you can refer to open sources, for example, Wikipedia -<https://ru.wikipedia.org/wiki/Cookie>. Cookies are used by the site owners to ensure the operation of the site, improve the efficiency of the work, as well as to obtain analytical information. The set of cookies used may vary depending on which device and browser you are using. Session, persistent, third-party Cookies can be used with various purposes, including operational, functional, advertising, analytical purposes. Most browsers are set by default to automatically receive Cookies. Your device also has settings for receiving cookies. If you want to change these settings, you need to change your browser and / or device settings. To do this, you can use the instructions usually provided by the developers of the browser and / or device. In this case, you can block, restrict or delete Cookies. But in this case, the use of the site may become less convenient, you will not be able to use part of the site's functionality.
